

Using Blackboard Collaborate

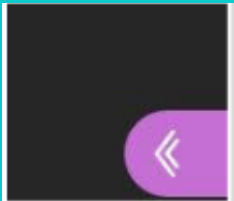

Please ensure your audio is muted when you are not presenting

The icon in the upper left to open Session Menu

Bottom centre of the screen for turning on and off mic, video and raising your hand.

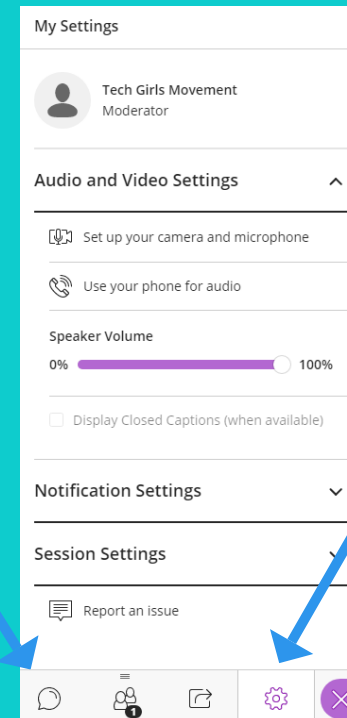

The icon in lower right to open Collaborate Panel

Tips:

- The recommended browser is Chrome
- A headset/earphones will provide a beneficial experience
- Limit video use if not presenting
- Issues with audio - try leaving the session and returning

Test out the chat :)

Adjustments in My settings may assist with sound or video concerns
Access via the Collaborate Panel and click the Gear
